TE AO HUNGA

An integrated membership and whakapapa database

TE TAKE
THE PROBLEM

Modern and intuitive tools to manage our most valuable information, our whakapapa and member data, are few and far between.
They are also not completely suited to the way in which we perform our day to day mahi.

Te Take 1

We need modern and reliable tools to record and maintain information about our people.

Te Take 2

We need to utilise our data strategically to increase member participation rates and connectivity and to assist with inter-generational knowledge transmission.

Te Take 3

You need a technology partner who understands you and is responsive to your needs.

TE WHAKAUTU
THE SOLUTION

Te Ao Hunga is a best in breed software solution, custom built for Iwi organisations.

Integrated membership and whakapapa database.

Built and supported by award winning Plink Software.

Whakautu 1

Te Ao Hunga makes it simple to maintain information about your members.

Whakautu 2

Record hui attendance, benefits received or even just a summary of phone calls.

Whakautu 3

State of the art whakapapa management interface.

Te Ao Hunga

Te Ao Hunga uses cutting edge technology to provide a future focused solution that is intuitive, simple and just works.

Te Whakapapa o Te Ao Hunga
Our History

Te Ao Hunga was created after many years of hearing how systems being utilised by Iwi organisations were not meeting all of their needs.

Data is duplicated across multiple organisations, leading to inefficiencies and lost opportunity.
